Edge Moor Iron Company,

P.O. Wilmington, Del.

Edge Moor, Sept. 19, 1887. 18

Hon. D. M. Fox,

Supt. U. S. Mint,

Philada, Pa.

Dear Sir:-

Will you kindly authorize the necessary permit to issue to allow our workmen on Sunday (25th) next, to put in place two set of cast iron bridge and fire brick walls in two of the boilers of your plant, the third boiler has the cast iron bridge and fire brick walls in it, they were put in place Sunday (20th.) of last month.

It is necessary to do this work of a Sunday, that the operations of the Mint may not be interfered with and that our workmen may not be troubled with excess of heat. Upon receipt of your willingness to issue permit for entrance of our men, we will advise your Mr. Bonner later in the week of the names of the workmen we shall send. These additions and improvements to the boilers are done by us unsolicited and without expense to the Mint.

Yours truly,

EDGE MOOR IRON COMPANY,

Geo H Sellers.
